4 Channel Discrete-4 Channel "Matrix"

Total sound! Total compatability!

Does stereo turn you on? You bet it does! Well now, let the HAMMOND total sound car player tune you in and turn you on like you never have been before. The HD-585 is the most sound around. Four perfectly matched amplifiers, regulated by individual slide volume controls, transforms your car into a concert hall and puts you into the middle of an amazing listening experience. 4 Channel Sound! The most exciting breakthrough in music reproduction since the phonograph record. This player is completely COMPATIBLE and will play standard 2 channel 8-track stereo cartridges as well as the special 4 channel cartridges. If you already have an 8-track library your 2 channel tapes will sound better than ever with the HAMMOND "MATRIX" circuit. "Matrix" splits 2 channel stereo music into 4 distinct parts for full dimensional sound. Beautifully finished in walnut grain and brushed gold.
